EXPERIENCE

JULY 2017–PRESENT

Worked as a web developer to create Wordpress websites with themes developed from scratch, and updated existing Wordpress sites with numerous backend fixes.

SEPTEMBER 2016–PRESENT

Helped students of the AP Computer Science A class at ATYP with their in-class projects and provided support as needed every Sunday for one to two hours.

JUNE 2016–AUGUST 2016

In collaboration with a team of two other programmers at the company, worked as a backend Web developer and created a complex phone billing system from near-scratch code resulting in simplified user experience.

ACCOMPLISHMENTS

- Winner of IBM Master The Mainframe 2016 and 2017–Parts 1 and 2.
- Qualifier to the All-Star American Computer Science League (International) during 2015-16 and 2016-17.
- Co-programmer for Team Strykeforce, a qualifier at the 2016 FIRST Robotics Competition (FRC) World Championship and Winner of the 2017 FRC World Championship.
- Delegate for Michigan at the Congress of Future Science and Technology Leaders.
- Winner of the Intel Excellence in Computer Science Award in the 2016-17 South West Michigan Research Fair for "PERFORMANCE OF PARALLEL SOLUTIONS FOR THE N-BODY PROBLEM" with guidance from Dr. deDoncker.
- Second-place winner of the University of Michigan-Dearborn's 12th annual Engineering and Computer Science Experience (2016-17) Programming Competition.
- Winner (2016), finalist (2017) of Kalamazoo's American Chemical Society Scholarship Exam.
- Highest Honors student for 9th, 10th, and 11th grades at both, KAMSC and PNHS.
